HOORVIA - WOOD PAIRING CHART: PRINTABLE COMBINATION GUIDE

Quick Reference Cheat Sheet · A4 Printable

Kitchen & Cooking · Sheet #1

Primary Wood	Pairs Well With	Why	Best For
Walnut	Maple	Dark + light contrast	Tables, cutting boards
Oak (white)	Walnut	Warm tones together	Furniture, flooring
Maple	Walnut	Light + dark contrast	Butcher blocks, boxes
Cherry	Maple	Warm red + pale cream	Cabinets, jewelry boxes
Mahogany	Maple	Rich red + light accent	Desks, paneling
Teak	Iroko	Similar oils, outdoor use	Outdoor furniture
Pine	Cedar	Soft woods, similar grain	Rustic furniture
Ash	Oak	Strong grain, light color	Tool handles, bats
Birch	Maple	Pale, fine grain	Plywood, cabinets
Padauk	Wenge	Bold orange + near-black	Accents, inlays
Zebrawood	Wenge	Striped + dark	Statement pieces
Rosewood	Maple	Dark + light	Guitar backs, veneer

PRO TIP: Pair dark with light: A dark wood next to a pale one makes both look better. Two woods of the same tone blur into one and the pairing disappears.
