Frozen Mozzarella Sticks	6-8 sticks	390°F / 200°C	6 - 8 mins	Watch closely so cheese stays in

PRO TIP: Print this sheet on US Letter (8.5 × 11 in) in the USA and Canada, or on A4 in the UK. Choose "Save as PDF" from your browser print dialog if you want a PDF copy, then pick Letter or A4 in the paper-size setting - the sheet is designed to fit both without shrinking the text. For a kitchen that gets splashed, print on slightly heavier paper or laminate the sheet and stick it on the fridge with a magnet, inside a cupboard door, or next to the air fryer. Lamination also lets you wipe off oil and flour with a damp cloth, which is why many cooks keep this chart up for months.
