PRO TIP: Print on US Letter or A4 and keep it with your yarn stash or pattern binder, so you can check a substitution before you buy. Use the print dialog's "Save as PDF" option for a PDF copy in Letter or A4, and laminate it if it will live in a craft bag with yarn and hooks. A useful habit is to write the yarns you actually own next to each weight on the printed sheet - that turns a generic guide into a personal stash index, and stops you buying a fourth skein of worsted when what you needed was DK.
