PRO TIP: Print on US Letter or A4 and stick it on the fridge, beside your desk, or inside a planner - wherever you will actually see it during the day. Use "Save as PDF" in the print dialog for a PDF copy in Letter or A4. Laminate one copy and use a dry-erase marker if you want a reusable daily tracker, or print a week's worth at once and keep them in a folder so a new day is always ready. The tracker works best when it is visible: a sheet buried in a drawer will not remind you to drink at 11 a.m. or 3 p.m., when most people fall behind.
