HOORVIA - CARRY-ON PACKING LIST: PRINTABLE TRAVEL PACKING CHECKLIST

Quick Reference Cheat Sheet · US Letter Printable

Reference Charts · Sheet #1

Category	Must-Pack Items	Packing Tip
Documents	Passport/ID, boarding pass, hotel confirmations, travel insurance	Keep originals in one travel wallet + offline copies on your phone
Clothing	3 tops, 2 bottoms, 1 light jacket, underwear + socks per day + 1	Wear your bulkiest shoes and jacket on the plane
Sleep & Layers	Pajamas, a compact scarf or shawl	A scarf doubles as a blanket, wrap, or pillow on cold flights
Toiletries	3-1-1 liquids bag: minis under 3.4 oz in one quart bag	Decant into small bottles; solid shampoo bars skip the rule entirely
Medications	Prescriptions, pain reliever, motion-sickness tablets	Keep meds in original labeled bottles in your personal item, never in checked luggage
Electronics	Phone, charger, power bank, plug adapter, headphones	Power banks must fly in the cabin - they are banned from checked bags
Comfort Kit	Neck pillow, eye mask, earplugs, snacks, empty water bottle	Fill the bottle after security; skip the $6 airport water
Money	Two payment cards, small cash in local currency	Tell your bank your travel dates so cards are not frozen mid-trip
Valuables	Laptop, camera, jewelry, keys	Valuables always fly with you - checked bags get lost, cabins do not
Laundry & Fixes	Laundry bag, stain-removal pen, mini sewing kit	A laundry bag separates worn from fresh so repacking stays fast

PRO TIP: Roll, Don't Fold: Rolling clothes saves space and prevents deep creases. Pack socks and chargers inside shoes to use every inch of the bag.
