Food	Best Method	Temp	Time	Done When
Chicken Pieces	Oven, foil-covered	350°F	25-30 min	165°F inside
Casseroles	Oven, foil-covered	350°F	30-40 min	Bubbling + 165°F
Soups / Stews	Stovetop, stir	Medium-high	10-15 min	Rolling boil
Pizza Slices	Skillet with lid / oven	375°F	8-10 min	Crust crisp, cheese melted
Cooked Rice / Grains	Microwave, splash of water	High	2-3 min per cup	Steaming, 165°F
Pasta Dishes	Oven, covered dish	350°F	20-25 min	165°F center
Fried Foods (fries, chicken)	Air fryer / oven	400°F	5-8 min	Crisp outside, hot inside
Fish Fillets	Oven, foil	350°F	12-15 min	165°F, opaque flakes
Steak / Pork Chops	Low oven then sear	250°F	20-30 min	Warm center, re-seared crust
Vegetables	Oven or skillet	375°F	10-15 min	Hot through, edges crisped
Gravy / Sauces	Stovetop, whisk	Medium	8-10 min	Rolling boil
Bread / Rolls	Oven, damp towel wrap	300°F	10-12 min	Soft and warm

PRO TIP: 165°F Is the Magic Number: Every leftover must reach 165°F internally - the temperature that kills bacteria. Stir microwaved food halfway and let it stand 1-2 minutes for the heat to equalize.
